UNIVERSITY STUDENTS

A) FOREIGN STUDENTS IN TURKEY:

1) If Foreign students, who registered newly, make application within three months from the date of initial registration, they become Universal Health Insurance Holders. The provisions of the Universal Health Insurance can not be implemented for the students who do not demand in this three-month period throughout their education.

2) The students who have registration before the date of 29.05.2013 are supposed to apply for the Social Security Center where their school is located until the date of 29.11.2013 if they want to benefit from Universal Health Insurance.

3) Foreign students are supposed to petition the Social Security Centers with their student certificate and their temporary identification number to make the registration procedures of the Universal Health Insurance.

4) Universal Health Insurance registration is made for one year.

B) THE REPUBLIC OF TURKEY STUDENTS:

1) Students, who are economically dependant to their parents, are supposed to make their health activations by applying to the nearest Social Security Center with their student certificate.

2) Students who work part-time (those who work with code 06) have to complete their work of less than 30 days to 30 days by the Universal Health Insurance premium or by the Voluntary Insurance premium. To make these procedures, it should be applied for the nearest Social Security Centre.

3) Students, who both work part-time and are economically dependant to their parents, are supposed to make their health activations by applying to the nearest Social Security Center with their student certificate.

4) Students, who work part-time but not economically dependant to their parents, have to complete their work of less than 30 days to 30 days by the Universal Health Insurance premium or by the Voluntary Insurance premium. To make these procedures, it should be applied for the nearest Social Security Centre.

5) Students, who are not economically dependant to their parents, are supposed to make The Universal Health Insurance Registrations by applying for the nearest Social Security Centre to their addresses.
